## **Urs Eigenmann – Piano, E-Piano, Hammond XK-1c**

---

Urs is mainly a self-taught musician. However, he did study at the Jass Scool Graz (A) and Bern (CH). In 1967, he established the *Urs Carl Eigenmann-Trio*, a true Blues band. Shortly after, in 1968, he formed the legendary band *off&out*. With this band, Urs played many concerts, among others, several times at the Jazzfestival Zürich. In addition, Urs formed the band *Umamaca* with which he performed at the Open Air St. Gallen, in 1985. Urs has also been a successful composer. Three of his major works include the commissioned work Open Opera on *Goethe's Faust* (1993), as well as the total work of art *Alli Zäme* (1998) and *Unzeit Gemäss* (2017). In 2008, he initiated the international festival *Jazzin* which he regularly organized until 2017. „The list of musicians who were part of *off&out* is long and impressive. And by the way, but not to forget: Urs C. Eigenmann made real Swiss Jazz history. It cannot be another 50 years, but as long as this „fellow“ exists, we can expect a lot more of *off&out* – and we are looking forward to it!“, wrote the journalist Richard Butz.
